THE WILDCAT

1987

TARRANT HIGH SCHOOL
TARRANT, ALABAMA

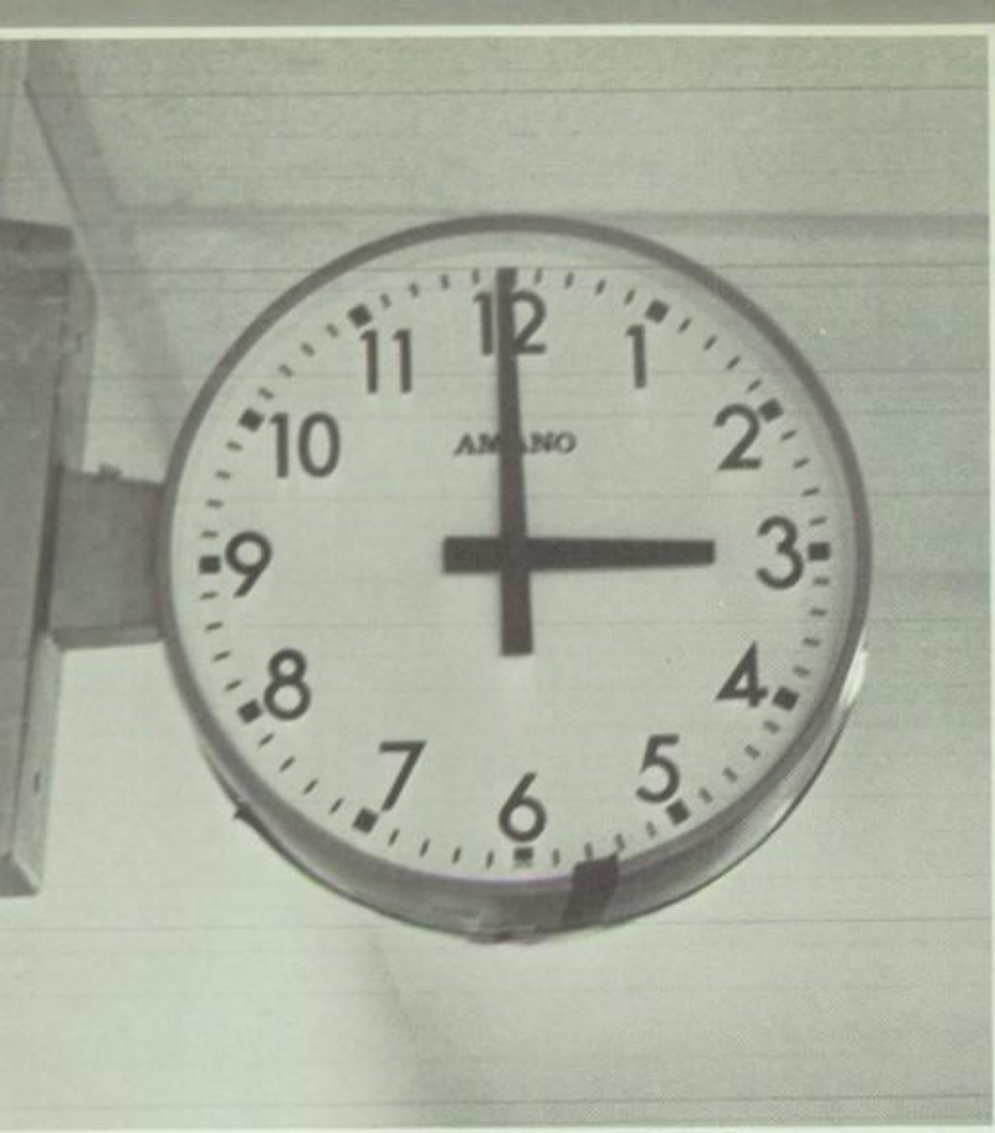

What!

We never, never thought we would make it through high school! What!!! You mean to tell us that these are the best times of our lives. We all experienced the 50-yard dash to the lunchroom, or trying to find the way through the crowded halls, only to be late to class and spend a day in S.P.A.C.E., not to mention getting "stood up" for homecoming. These are the best times??

Well, who knows, things weren't really that bad. Sometimes we did make an "A" on the test, and we really did have a great time with our friends. In fact, things were pretty good. Maybe it's like the *Wildcat* said. Maybe these were the *best times of our lives*.

*time for . . .
catching up*

signs of seniority

Everyone looks forward to receiving a class ring and the right to say they are *seniors*. The time between receiving rings and receiving caps and gowns is exciting and rewarding, but also bittersweet. Ring Day begins a new era full of expectations in a student's life. Class Day brings memories of the past and thoughts of the future. Ring Day and Class Day are two of the *best times of our lives*.

Straight from the Heart

100 and what!

What a price to pay for crackers!

On March 6, 1986, the Tarrant High School Anatomy class, under the direction of Mrs. Smith, sponsored the annual blood drive.

The blood drive was held in order to collect blood for the Red Cross and local hospitals. Seventy-six pints of blood were collected from students, faculty and others in the community.

The Red Cross supplied nurses and equipment for the blood collection. Many volunteer students were also on hand to help.

Denise Ellis said, "Working in the blood drive was worthwhile knowing the many people who will benefit, not to mention the fun we had."

With all this attention, I'll give more often.

Friendly persuasion.

the thrill of victory

V
I
C
A

The thrill of victory overwhelmed those who were involved in the 1985-86 Opening and Closing team. The Vocational Industrial Clubs of America cruised into first place at state competition in Montgomery, and took third place at nationals in Phoenix, Arizona. They also received outstanding club at both competitions. At state competition, Jennifer Kilgore was elected Vice President for the state.

Members were: S. Pitts, N. White, D. Simmons, M. White, J. Kilgore, M. Dumais, S. Glazner, and M. Box. Mr. Feenker, sponsor of VICA, said "I was very proud of my kids and the great job they did. Tarrant High was represented well." VICA began at THS in 1978, and future successes will be based on the history made today. The thrilling history made by the 85-86 Opening and Closing team will be a high set goal for the future teams to shoot for.

1985-1986

Sup-Sup-Supertime

It's Sup-Sup-Supertime! . . . and look what's on the menu!

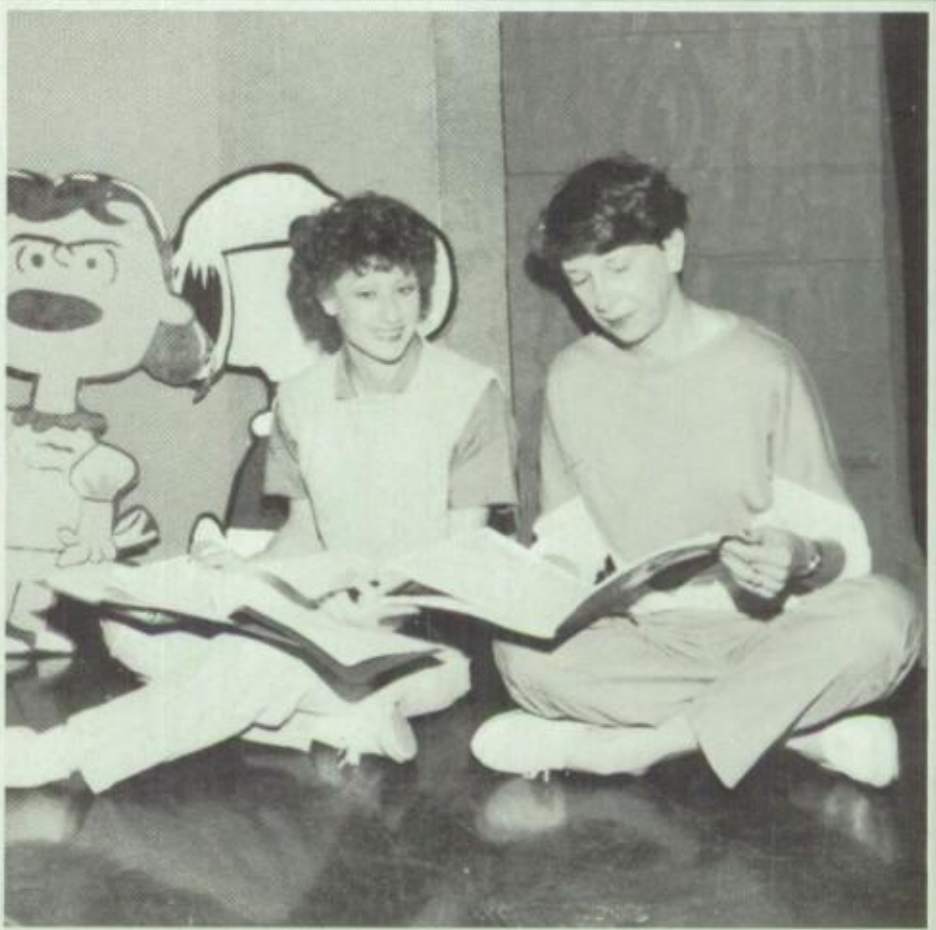

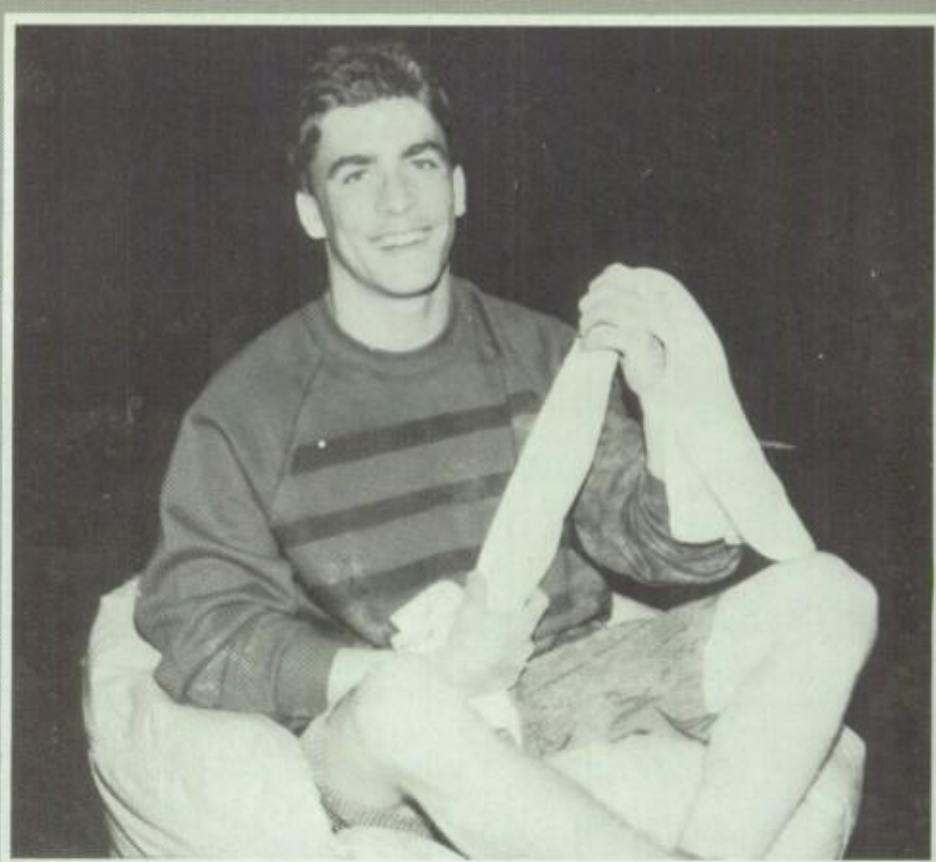

- 1 . . . a dog singing for his supper,
- 2 . . . a brother and sister forever at each other's throats,
- 3 . . . a misfit who never gets a valentine,
- 4 . . . a flirty, happy go-lucky rope-jumper,
- 5 . . . and a piano prodigy that would embarrass Liberace,

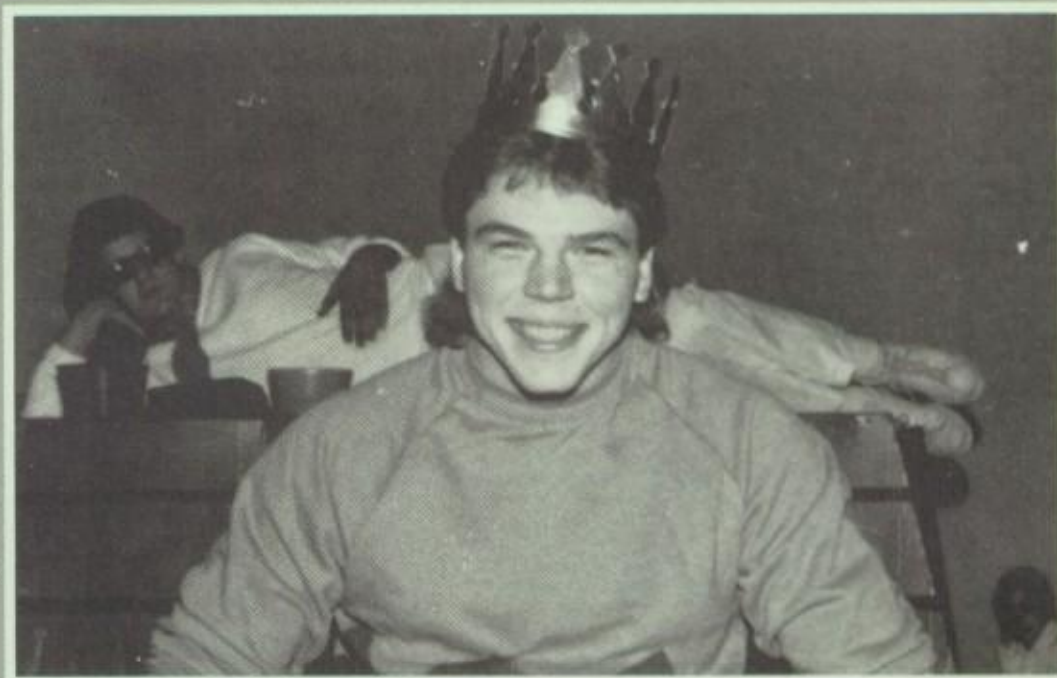

Mix with a chorus and plenty of laughter, music, and dance, and you've got the 1986 Hit Spring Musical, *You're A Good Man Charlie Brown*.

Everyone fell in love with Mike Trammell as Charlie Brown; convincing as the school misfit. Amy Walker (Lucy) hammed it up while singing to Schroeder in her high-pitched nasal voice. The auditorium was filled with music from Keith Martin's (Schroeder's) piano. David Veal's (Linus') charming number "My Blanket and Me" made everyone want to hug the maladjusted little boy. A unique twist in the casting was Peppermint Patty, played by our own peppery, zany, confident, Tammy Hines. "Sup-Sup-Supertime" was the grand finale to the hilarious play presented by students of Tarrant High School. Greg Bowers (Snoopy) said that singing "Supertime" was his favorite part of the play because "it made everyone laugh."

The chorus played a key role in this successful play. As chorus member Julie Parsons said, "When you can't find your prop, that's when you act."

You're A Good Man Charlie Brown will be remembered as one of the T.H.S. drama department's best plays ever!

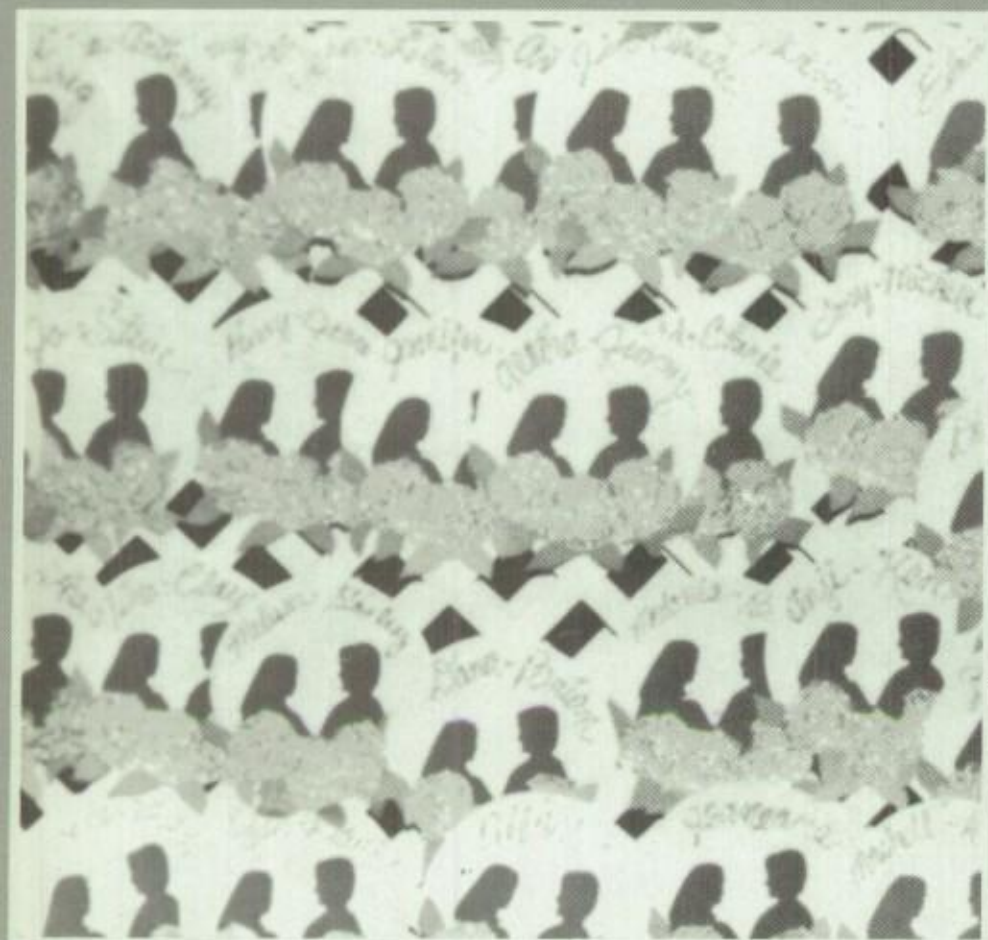

jeans, Reeboks, and T-shirts

were replaced by glittering formals and tuxedos on prom night 1986. Many hours of shopping, fitting, talking on the phone, and becoming nervous were all part of this annual event. The Grayson Valley Country Club was a perfect setting for a romantic evening. As "Till I Loved You" was playing, the seniors and their dates were introduced in the senior leadout which is a THS tradition and certainly one of *the times of our lives*.

Tarrant High School
JUNIOR-SENIOR PROM
May 2, 1986

We got our Kicks

1986 was, well, not so terrific for Coach Ron Johnston's rebuilding soccer team. Although the won-lost record left something to be desired, the soccer team "got their kicks" by showing their obvious talent and a burning will to improve. With each passing day they became closer, more of a team, and made victories in the future, inevitable.

not so soft

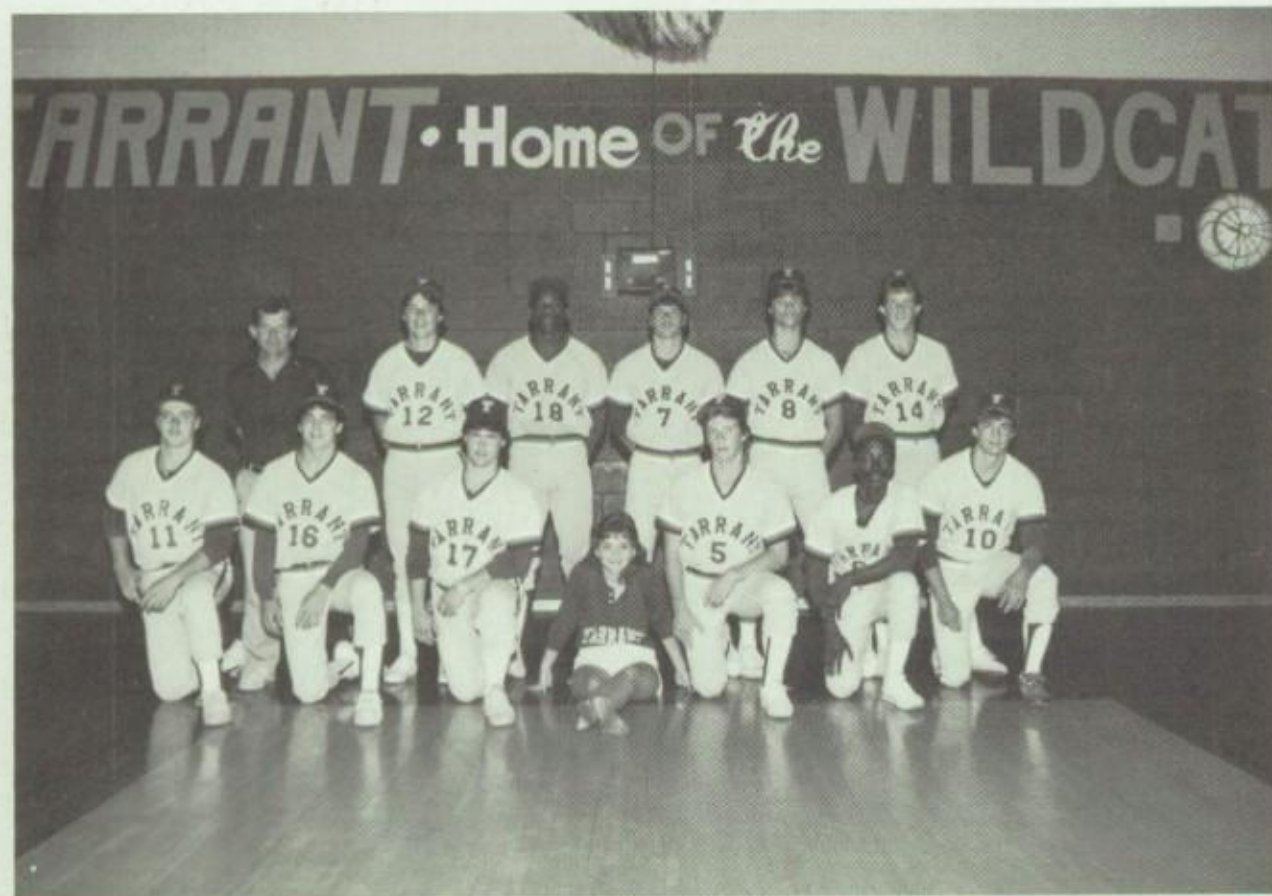

A special spirit!

1986 was a milestone year for girls athletics. For the first time, Tarrant High School fielded a slow pitch softball team.

The Ladycats, coached by Krista Pelham, proved that their sport was "not so soft" by hustling and working just as hard as the guys. Tarrant powered her way to a 10-10 record in an enjoyable season for everyone involved. Team members were: S. Strandridge, K. England, R. Stricklin, L. Yarbrough, D. Ricketts, T. Pittman, M. Walden and T. Walden.

The Sound of Tapping

Shouts of joy, sounds of sniffles with tears, clapping and whistles of approval are all tapping sounds. These sounds signify the reward for years of working toward a goal of excellence, of being involved in service, and of displaying exemplary character. Honor Society tapping was the high light of the academic year for 11 juniors.

Mike Mohon's comment was, "It was a joy to be recognized for all the hard work you put into high school. It was an honor." Paul Harrison, with a big smile on his face, said, "It was great, the best day in my life!"

FADS and fashions

The times of our lives were recorded through the fads and fashions worn by the students.

Denim was right for everyone whether it was faded jeans, jackets, overalls or skirts. Coke was the choice of the student body. Coke shirts of all varieties and colors were popular items, they looked great with jeans or slacks.

Watches became a fashion accessory. They were zany, colorful and worn in multiples. Scarves worn by guys and gals were not for warmth but looks. They were often snatched by an admirer or friend. You were lucky if you had yours at the end of the day. Or were you?

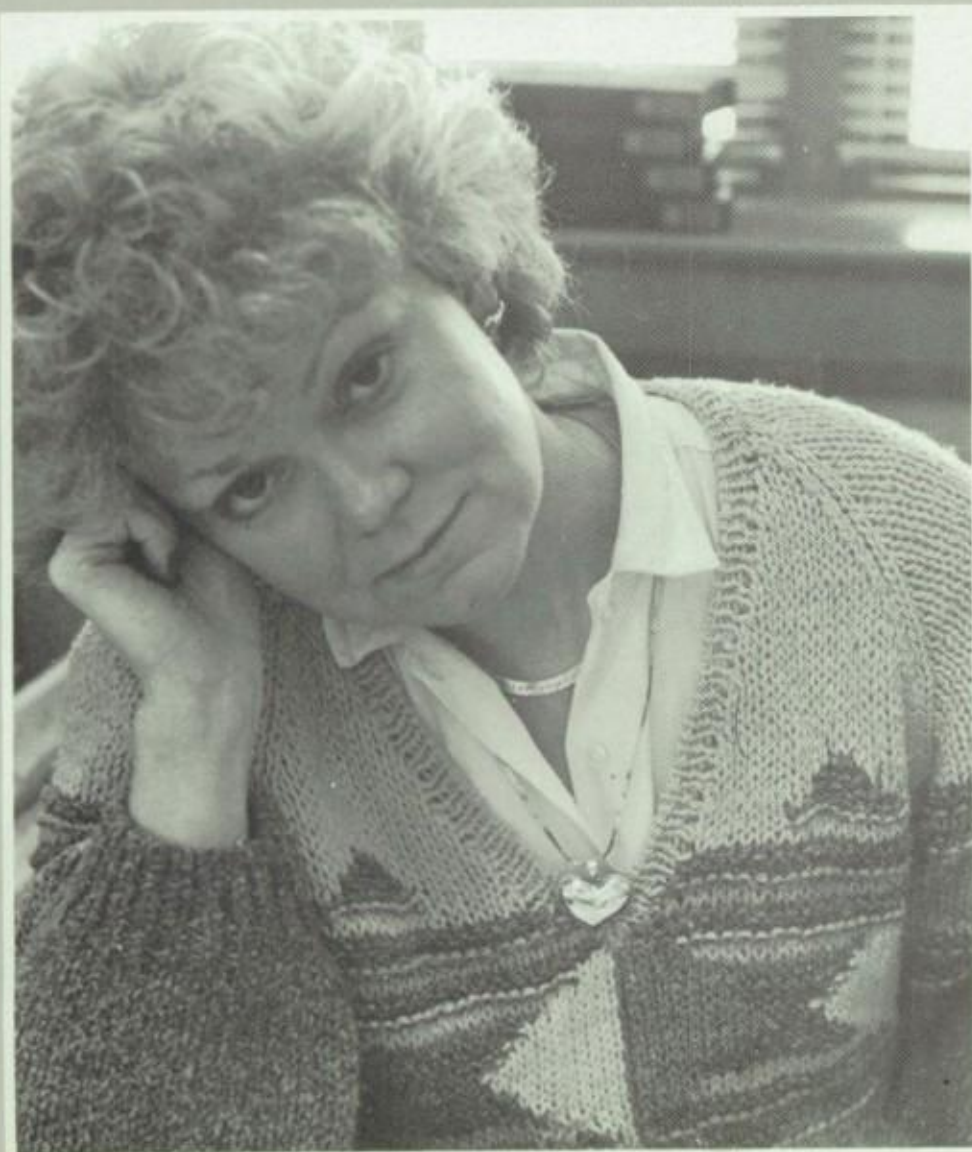

Jewelry was an important part of everyone's wardrobe. From gold chains, to silver puffed hearts, giant pens to several earrings in each ear, jewelry became a statement of personality and taste.

Shoes and socks added the touch used to complete an outfit. High tops, Reeboks, flats, and boots of all varieties were essentials for the well-dressed student.

Girls enjoyed the revival of the big bows and the ponytail held in place by a "banana clip." Long and short, hair styles varied greatly.

What will be "in" next? We predicted the next look will be the *holey jeans*, the "poor little rich kid" look. Holey jeans will be seen with button downs and tie, oversized T-shirts, or anything which expresses your style.

time for . . . academics

Just say no!

Informing young people about the dangers of alcohol and drug abuse was the idea behind "Charlie," the video written, staged, and produced by Mrs. Thomas' 4th period, A.P. English class. Students, parents, teachers, and administrators were involved in the production of "Charlie." Everyone agreed that the whole process was a valuable learning experience. Without the expertise and endless hours spent by Ray Songer, the film would have never been possible. Everyone felt that all of the hours and effort will be worth it if one can "Just Say No."

homework . . . homework . . .

... Celina Pittman feels that a popsicle is essential for concentration while doing homework.

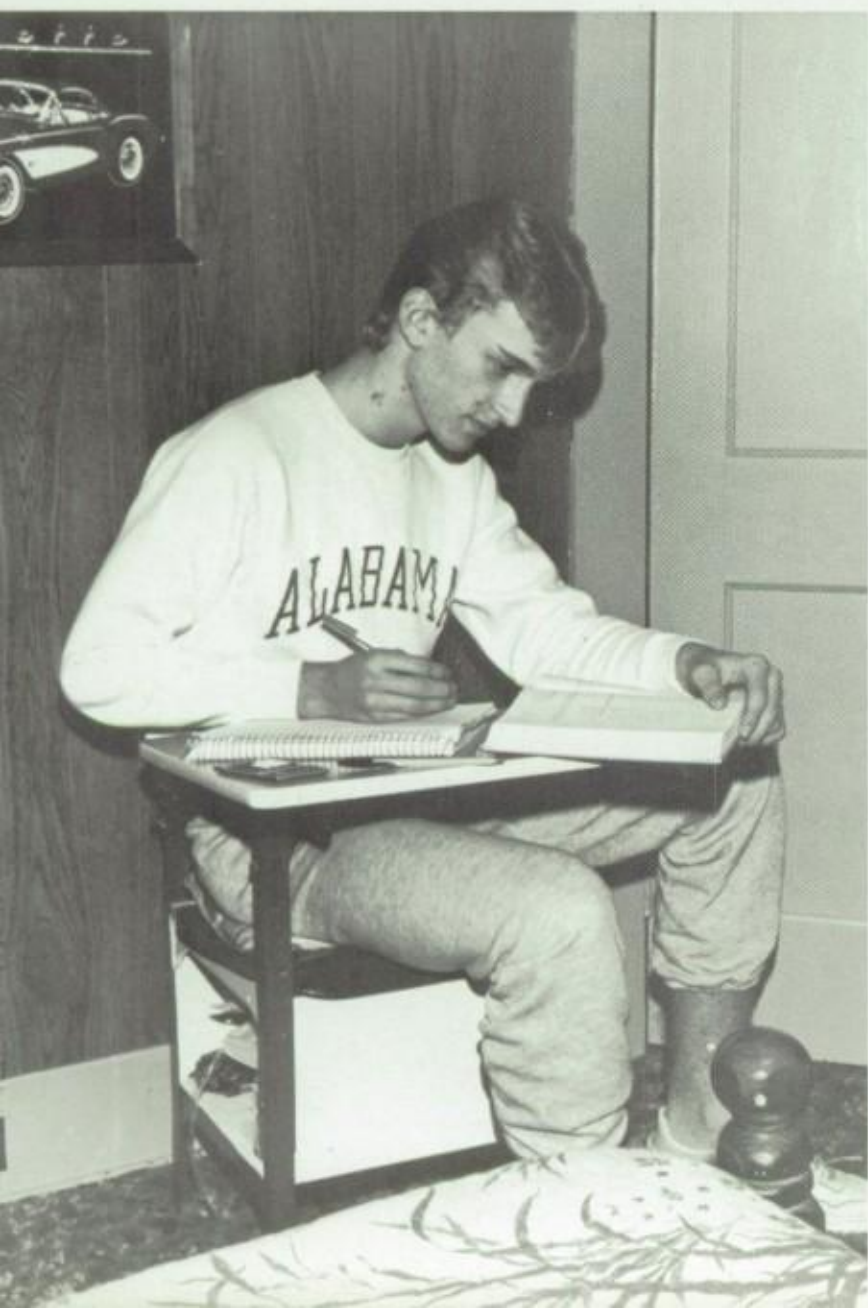

... Toni McReath curls up to do homework wearing her favorite, most comfortable sweats and her animal slippers. Pepsi is Toni's choice during study time.

... Patti Harris is joined by her fuzzy friend, Jr. The sofa seems to be a favorite place for Patti and Jr.

... Alan Naylor finds the kitchen a comfortable setting as he works on assignments. It is also convenient during "snack attacks."

Homework — home 'work', n. 1. work done at home, 2. schoolwork to be done outside the classroom.

... GIVE ME A BREAK!

... Paula Cook spreads her work out on the dining room table. This setting is more like school.

... Greg Davis finds it easier to concentrate when the atmosphere is right, which is the quiet of his room, the comfort of sweats, and the structure of a school desk.

... Shannon Parker and Elaine Gurley sit cross-legged on their beds. The privacy of their room provides the right setting for those time consuming assignments.

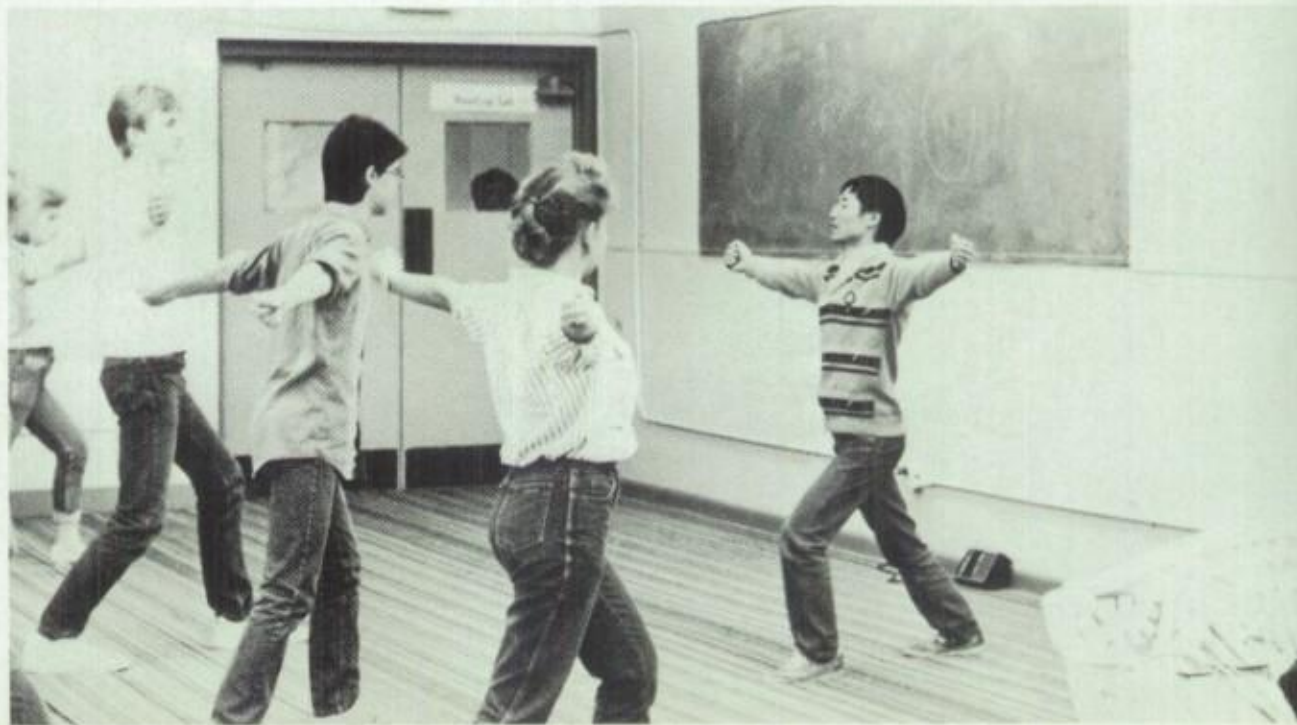

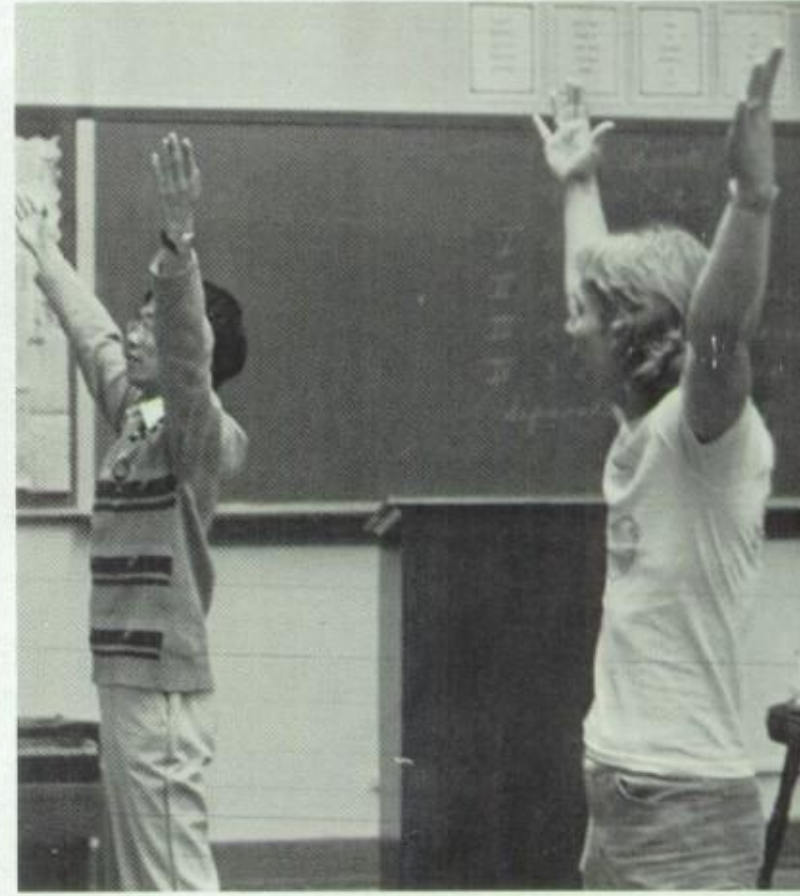

Student's definition of homework —

home 'work', n. 1. a diabolical scheme devised by teachers and parents which infringes upon one's social life.

潘健男

The U.S. and China are worlds apart, but in 1986 they were brought closer together by a program that allowed a Chinese teacher to observe and teach American students. This year the Tarrant school system was fortunate to host Jiannan Pan.

The students were always glad to see him, whether he was joining in conversation, doing exercises or demonstrating the use of chopsticks at lunch. Even though he was here to learn about America, we learned a great deal from him.

For most students, August 15, was just another ordinary day, but for Claudia Valladares it was very special. It began her adventure as an exchange student. Claudia attended Tarrant High School for the 1986-87 school year.

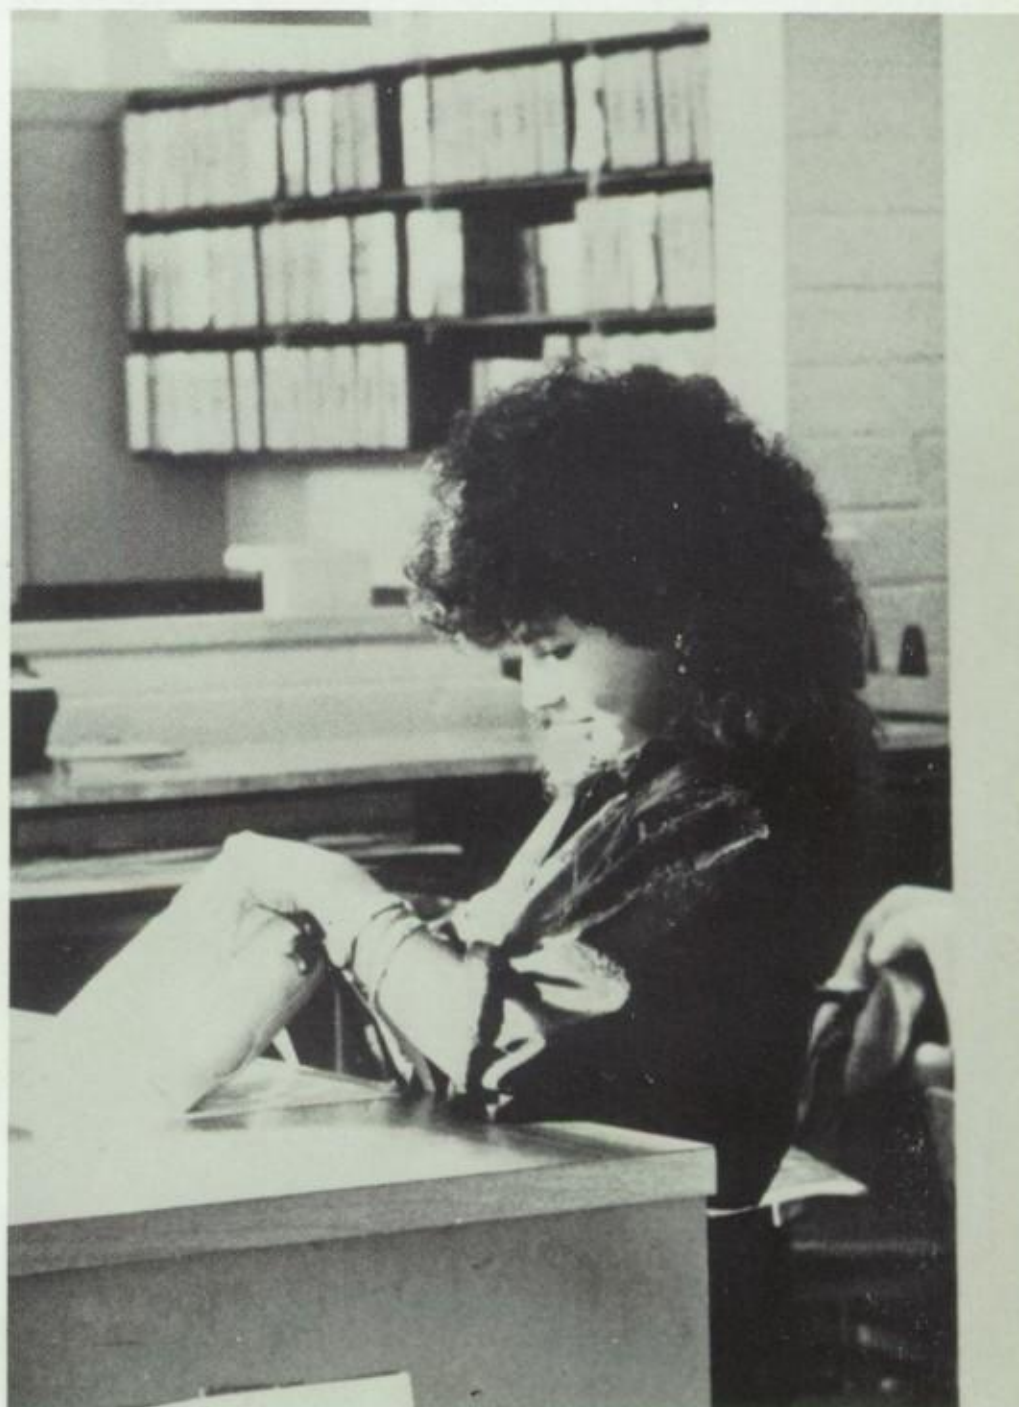

While Claudia was in Tarrant she made many new friends. She was included in extracurricular activities such as going to Pizza Hut after the games, going shopping, and getting together with the gang. Overall she enjoyed talking with her new friends, and discovering the more advanced technology such as VCR's and video games which are uncommon in Mexico.

Even though Claudia was surrounded by friends, she still missed her family and her boyfriend, Victor.

Una amiga de otro mundo

Claudia's being chosen for Who's Who and Senior beauty was a high point in her year at T.H.S.

Being a library assistant was a part of Claudia's learning experience as a student at T.H.S.

Tell it like it is

A day of school is made up of classes. Students have classes they enjoy going to and classes they dread. After talking to some of THS student body, we discovered that Allan Naylor enjoys government. "I like government the most because it helps me know what our government is like and how it is run. I think classes like this will really help me when I'm about to graduate and get into the real world." David Jacobs said that ICT was his favorite class. "I like ICT because it helps you get to know your job. It helps you to learn about it and be a better person at it." Chrysti Black replied that Band was her favorite class. "I plan to major in band at college because I like it." Jacqueline Nichols said that AP Art has been her favorite class. "Advanced Art class has been one of the most concentrated courses I have ever taken, but it has yielded me countless rewards."

You've got to be kidding!

Studying?

Studying or sleeping?

Group therapy

Who says it has to be right?

Soy Cheese!

60 problems and 2 minutes to go

Is this really necessary, Mrs. Smith.

I should of bought Duracel.

AP

does not mean "always perfect"

A.P. stands for Advanced Placement. It is a college level course that helps high school students obtain college credit while still in high school. A.P. classes may require more effort than other classes, which include A.P. Art, where producing 50 original works of art has to be completed within 9 months; A.P. History, where a final project and paper is due at the end of the year; and in A.P. English, where reading over the summer is like summer school. But qualifying for an A.P. course will save you time and money when choosing a college. To do this, you must pass a test given at the end of the course to be eligible for the credit to be valid. These classes require more work, research, and productivity than others, but in the long run, it will pay off.

AP Art

AP Anatomy

AP Calculus

... Hit a home run with Coach Oldham's yellow bat and his AP American History team as they make it into the big leagues.

... You can listen to the birds chirp or a record playing, but there is nothing like hearing Mrs. Smith yell, "Stop Procrastinating!"

... If you were passing by the AP Art class as the bell rang, you would probably hear Charlie Richardson scream, "OOOHHH Mrs. Walker, you didn't tell me it was time to clean up!"

School can't be that much fun.

AP American History

AP Physics

AP English 12

AP English 12 Cast and Crew

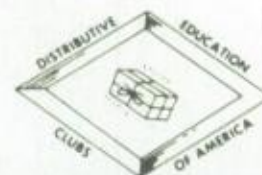

Michael at his best.

... If you walk by Coach Oldham's room 3rd Period, be sure and listen to his hit song on the charts "I am so beautiful to yall".

... Be sure and stay tuned to your TV until the new box office movie comes out called "Charlie" rated PG 13.

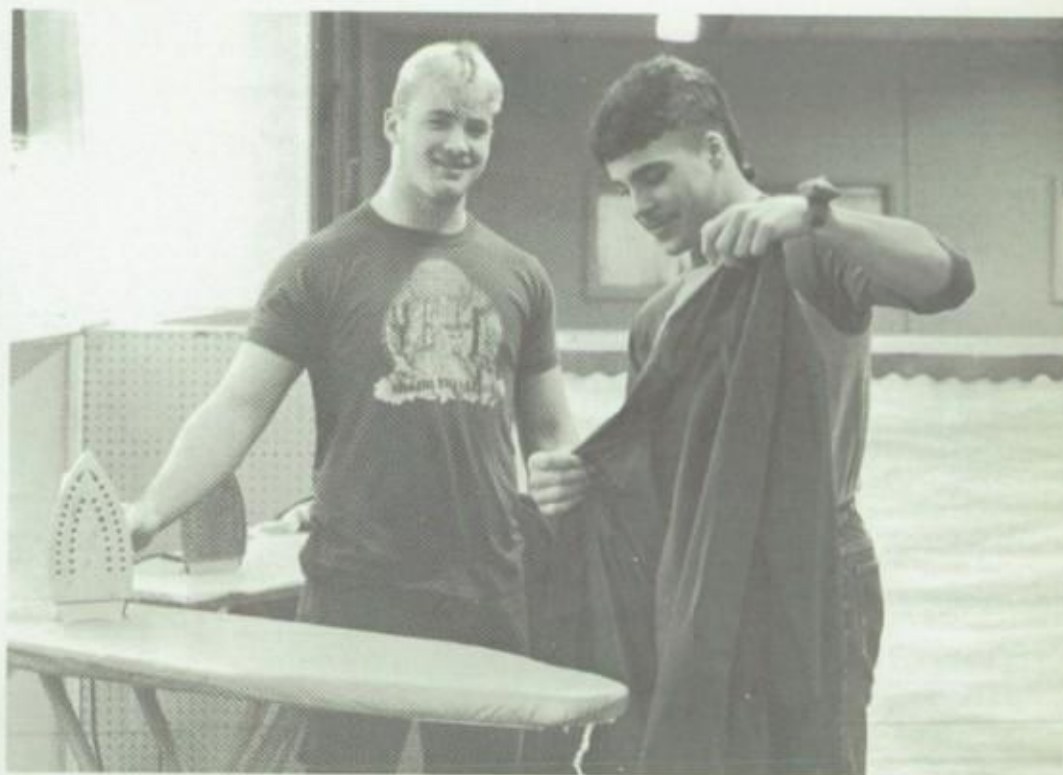

... Be like Mrs. Brakefield's class as they get in the physics mode.

practical stuff

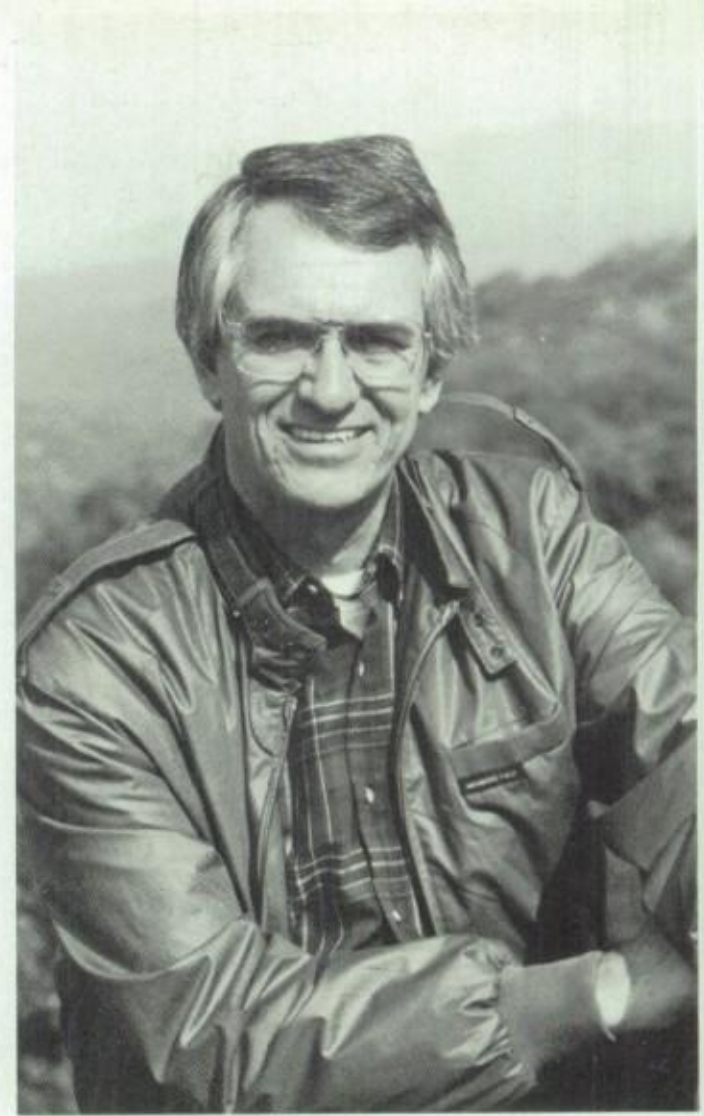

Vocational Education courses are an important part of the high school. They provide opportunities for students to learn life skills. Gone are the days when only girls took home economics and boys took auto mechanics. Today girls and boys are involved in learning practical skills for life or as a vocational choice. When walking through the tech. building the sounds of hands-on training is proof that learning is taking place.

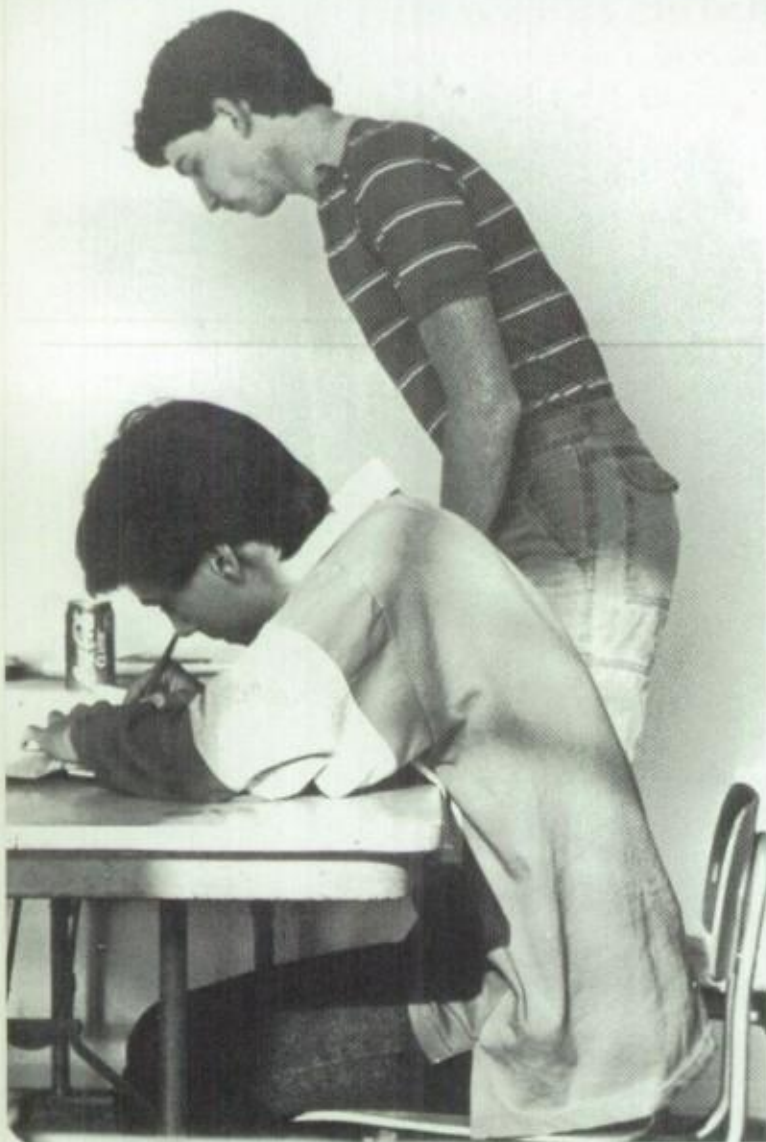

1987 Wildcat Staff

"Daddy"

'87 WILDCAT . . .

Who said this was all fun and games?

Decisions, decisions!!

A — B — C — D

Rick Sweatt . . .

"I've been on the staff for two years and I enjoy it more everyday. As co-editor my job can be really fun and very frustrating. I think I've grown up a lot thanks to Mrs. Walker and the Annual Staff."

Ronnie Pate . . .

"The annual plays a vital part in the history of our high school years. It has been an enriching, challenging, and worthwhile experience serving on the Annual Staff."

Patricia Wren . . .

"Even though it was frustrating sometimes it was still fun. A lot of friendships were developed while we worked together."

Robert Harmon . . .

"It was RADICAL!"

Kim Sims . . .

"Being on the Annual Staff was quite an experience. I really learned a lot and made many new friends. Working on the annual was hectic at times, but overall it was fun."

Brian Whitmire . . .

"Being on the yearbook staff was quite an experience for me. I never knew it took so much to create an annual. It took a lot of hard work, but I know it will pay off thanks to Mrs. Walker and the other members of the Wildcat Staff."

. . . meet your maker

Let me see!

Aldona Engstrom . . .

"At first I didn't think it was hard, but now I realize how much work it takes to produce an annual. I'm sure going to appreciate mine more!"

Mrs. Walker . . .

"Working with a new staff is always a challenge for them and for me, and seeing the Wildcat take shape through the work and dedication of the staff is like watching the creation of a work of art."

The 1987 Wildcat went down in history as the book that "broke the mold." After years with a traditional cover and design the change to a funkier, upbeat book was a challenge to the staff. Part of the challenge was adding two new sections, "ACADEMICS" and "STUDENT LIFE," which reflected a truer picture of life at T.H.S.

This year we inducted our first honorary member, Ray Songer. Ray (a.k.a. — dad) gave many hours of his time and effort to help produce the Wildcat. Thanks Ray!!

making music

The Tarrant Blue Regiment has been busy "making music" since summer. The band members spent many hours preparing for the 1986 football season.

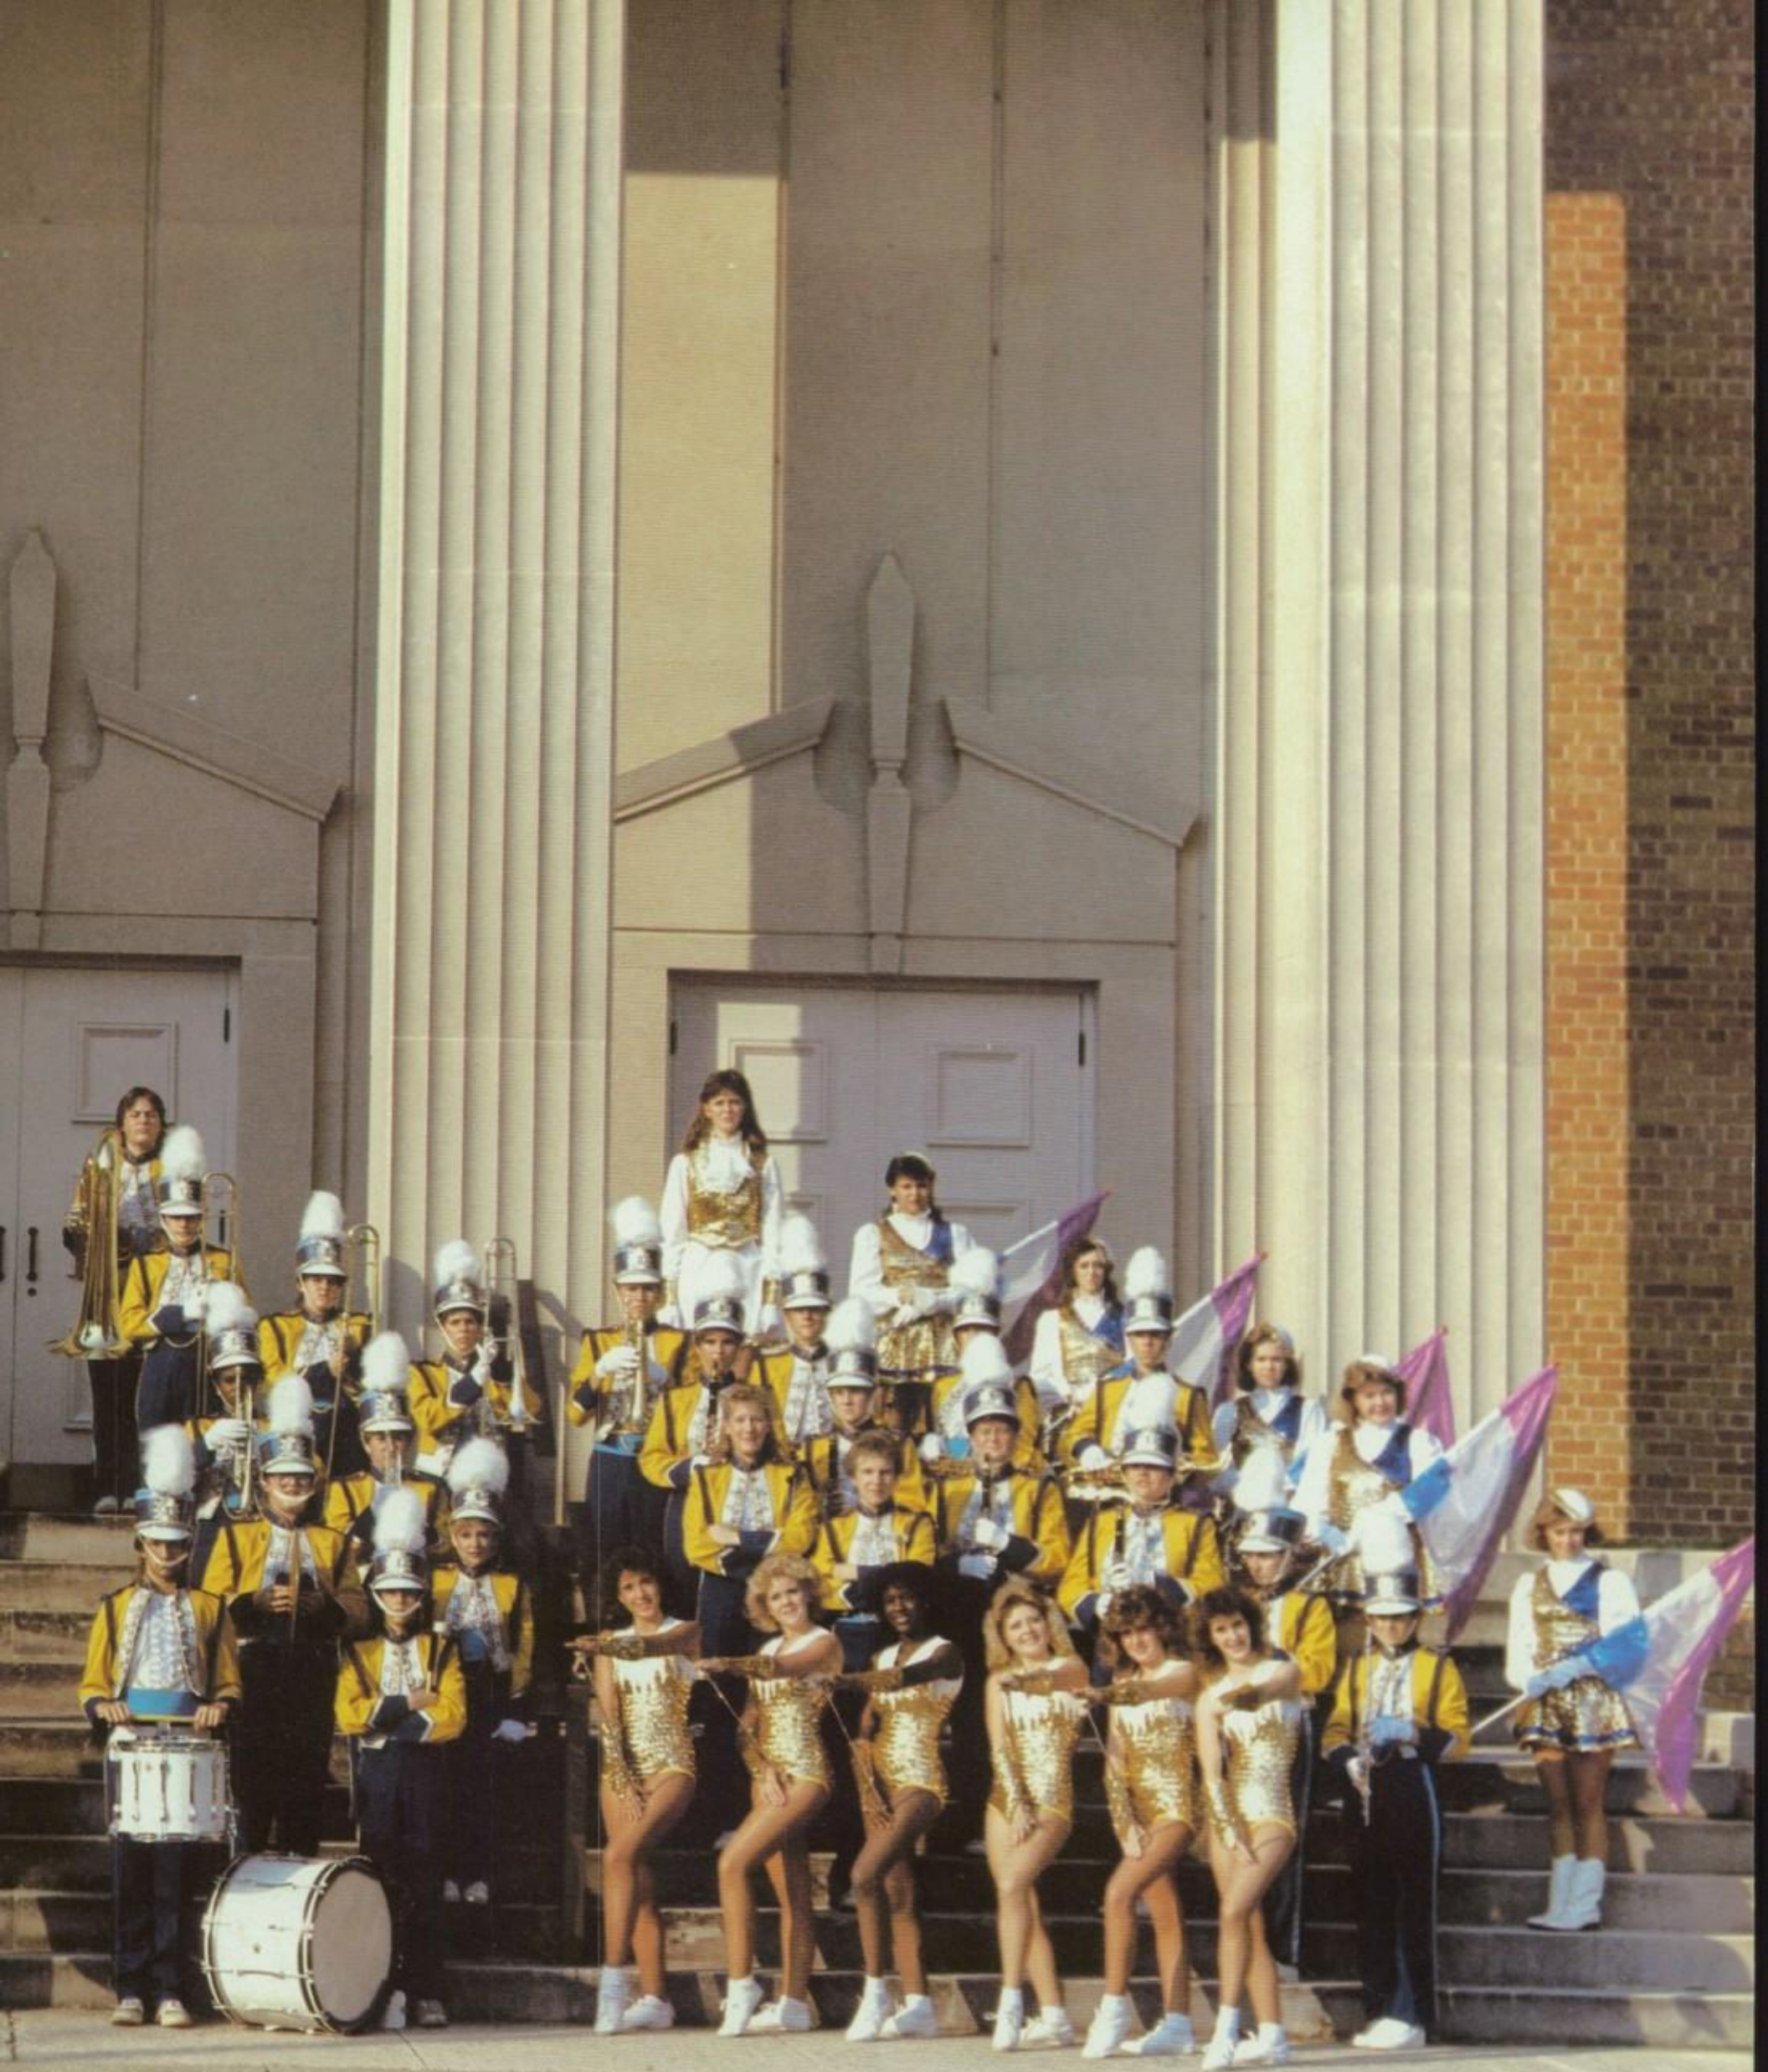

The comradeship of the band members is easily recognized at school or when you see them in groups at lunch and hear the latest from the band room. This groups' effort paid off when they brought home superior ratings from competition.

TARRANT BLUE

REGIMENT

a time of change

1986 was a year of change for the T.H.S. Varsity Cheerleading squad. It was the first time in many years the squad had been co-ed.

The guys added strength, assisting with stunts, and projecting those deep voices. They also added a snappy appearance as well as class to the squad. Another new twist to the squad was Walter the Wildcat. Walter really added a lot of fun and spirit. He was often seen showing off for the Wildcat fans and taking time out with the kids.

Walter and the guys truly made a difference.

VARSITY CHEERLEADERS

Vicki McMullen
Head

We're proud!

Not only was this a line in a cheer, but the attitude of the student body concerning the 1986-87 Varsity squad. From a first place at camp to power-packed pep rallies, our cheerleaders were FAN . . . TASTIC! Hard work, understanding parents, and an exceptional sponsor was the *stuff* that made them great.

*in
AHSAA State Playoffs*

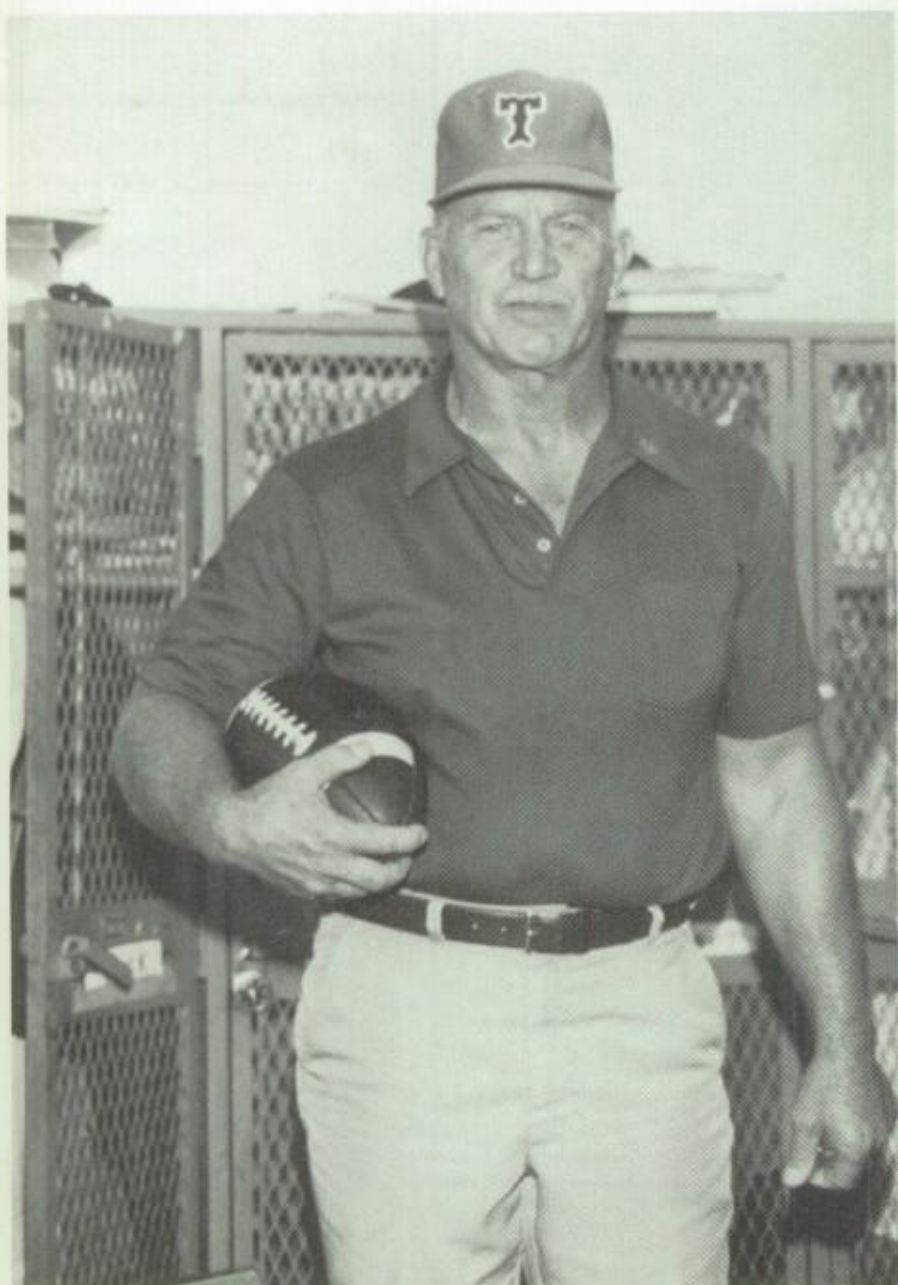

all the way to state . . .

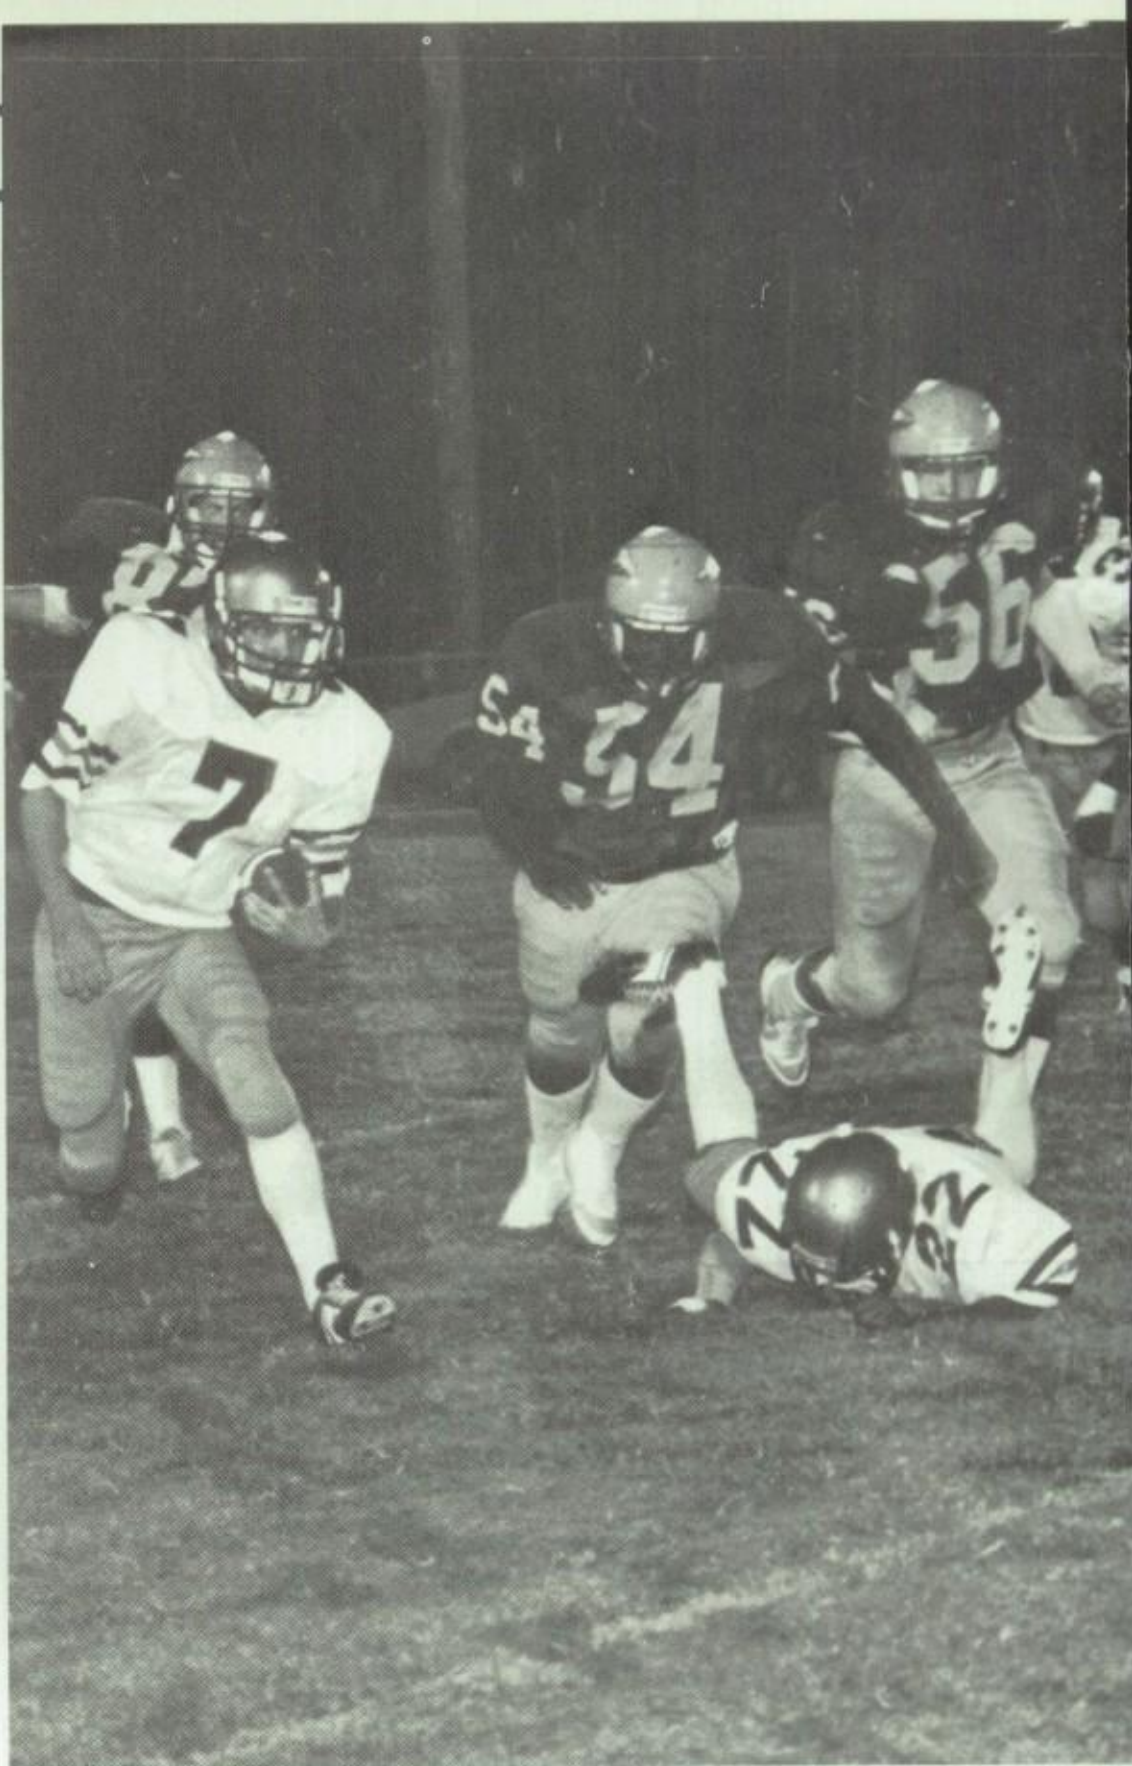

The 86' Cats fought their way into the state playoffs for the first time since 1976. They faired well advancing all the way to the Quarterfinals, winning a District Championship in the process. The Cats 9 wins were the most since the "glory days" of '71 when they brought home a state title.

you will travel some rocky roads,
but always remember, God will
always be there to clear the way.
Mama Leggett and Papa
Richardson would also be proud
of you. We love you Son.
Mom and Dad

Charlie Richardson

We're Giving Out College Credit.

You don't have to be a finance major to know the cost of a college education is still on an accelerated course. But before you give up on school, come to AmSouth for a credit plan that can help.

We have a variety of flexible loan plans depending on your family's income. Money is available to students at all two-year and four-year technical colleges and universities.

Undergraduates can qualify for up to \$2,500 per academic year. Graduate students can get more. You'll find our rates are competitive, too. And you don't have to start repaying as long as you qualify as a student.

So don't let the cost of school keep you from learning the value of an education. Call or visit an AmSouth loan officer soon.

Congratulations Alan,
Right now most of the
advice we've given you
through the years as well
as the guidance you've
received in school is
probably tucked away in
the back of your mind
because you're still
young and carefree; but
your Dad and I, as well
as your teachers know
when the time comes,
you will use these things and be successful in life.

Erika Espinet,
Seventeen years ago, God gave us this little girl. She has learned about discipline, Christianity, and thankfulness. For 12 years she has walked through the paths of knowledge with great dedication. Daughter, you have been a good example for others. God Bless You.

Your parents

Kristy,
Congratulations!
We are very proud of you, and love you very much. Good luck in the future.

Love,
Mom & Dad

Kristy Yarbrough

Congratulations,
Stacie, you deserve the best in life, we hope all your dreams come true. You'll always be our baby.

Love you very much,

Mom & Dad

Stacie Kleiber

Congratulations!
You finally made it. We are so proud of you! You and Walter were awesome. We love you!
